LIABILITY

All buyers, sellers and spectators attend the sale at their own risk. The Wild Rose Draft Horse Association (WRDHA) is NOT responsible for any injuries sustained by the consignor and it will be announced at the time of the sale and/or listed in the program. WRDHA and Sale Committee shall not be liable for any cause of action of any kind or nature arising from the sale of said horses.

GUARANTEE

No guarantees or warranties whatsoever, be they expressed or implied are made by the auctioneer, WRDHA, or the sale committee as to the title, soundness or quality of an animal. Upon the presentation in writing, guarantees made by the consigner shall be made against the consignor only. All mares that sell as bred must have the breeding fee paid by the consignor and must have the transfer signed by the stallion owner.

WARRANTIES

Every animal consigned to the sale is subject to full commission on final price if bid upon during the course of the sale. The purchaser assumes all risks and expenses on said animals incurred after the fall of the auctioneers gavel. The buyer assumes full ownership of the animal from the fall of the auctioneers gavel, and full responsibility for the care and maintenance of said animal from that point on. Arrangements can be made to board horses while transportation and health papers are arranged.

**CONSIGNOR'S INDEX
PREMIUM ITEMS**

Lot #	Consigned by	Item
50	Dwight Beard	<p>Cowboy Saddle – Handmade in Medicine Hat, Alberta, by a gentleman who named his company “Leather Spot”. It’s on a bullhide covered tree and is built with a double layer of oil tanned latigo leather, hence the burgundy colour. Latigo wears the best and doesn’t soak up water like saddle skirting does.</p> <p>It comes with both cinches, hoofpick and holder, pliers holster, and lariat. A brand new saddle blanket, also.</p> <p>It’s one of the most comfortable saddles I’ve ridden! At one time in the 90s my family members owned five Leather Spot saddles. Two were lost in a barn fire, two were sold, and this one was my mom’s.</p> 

51	Ken McLennan	<p>Justin Sleigh – Well maintained and lightly used four passenger sleigh. Fold down top and removable wheels for storage</p> 
52	Jim Scott	<p>Runabout Buggy - Shafts included. Restored to original except wheels have rubber rather than steel. Not used since restoration. Always stored inside and covered. Family original owner.</p> 

53

Pat
Lawrence

4-Up Show Harness - A set of 4-up show harness in boxes. 26" collars, including scotch tops and matching bridles. No bits or lines. Excellent condition.

54

Brenda
Werk

Parade Wagon - Show/parade wagon lovingly handcrafted by late Percheron horse enthusiasts, Art and Marjorie Jones.

This wagon has been stored inside or undercover its entire lifetime, so has not been exposed to weather elements.

The only reason for selling is that no one in the family has continued in the industry and storage has become an issue.

This wagon was built on an antique milk wagon chassis, and although it currently has rubber tires with bearings, we believe it could be swapped out for wooden wagon wheels.

The wagon has only been used a handful of times, and does come with the tongue.

55	David Bailey	<p>Forecart – Made in Quebec and of high quality materials, padded seat, 14 foot steel tongue and hydraulic brakes. Mint condition.</p> 
56	Buddy Bensmiller	<p>Weekend Getaway Wagon –Always stored inside and ready to go. Hand brake and leaf and coil springs. Box measurements are 6’8” wide and 12’2” long. Tires are good. Pulls light. Under storage on both sides with coil tethers for horses included. Fridge has solar power battery hookup and runs off propane, working at time of storage 4 years ago. Solar panel on front driver’ side. Steel pole with eveners included. Tarp rolls up and has clear vinyl for viewing on all doors. Back and front bench seats make down into beds. Cushions in great shape. Back carriers for water jug and propane bottle, water jug included. Propane bottle not included. Plastic storage containers included.</p>

57

Murray &
Bev Jans

Democrat - William Gray & Sons Co. Ltd.,
Chatham, Ontario. 4 seater, comes with shafts
for single horse. Has been stored in a shed. Good
condition.

58

David
Bailey

Breaking Sleigh - Built in Ontario by Arnold Rife. Wooden tongue and steel runners make it ideal for training or exercising young horses.

59

David
Bailey

Doctor's Buggy - Buggy has been updated with new material on the seat, painted and rubber replaced on the four wheels. Brass hub has a "D" on it but don't know if that was the manufacturer's name? Comes with black shafts that have an extension on them for larger horses.

60

Ken Pohl

Flat Deck Sleigh - Nice running gear built from all new material of white ash and new steel. Used very little. In excellent shape. Bus seat for the comfort of the driver.

The runners are 42.5" apart and are 2-1/4" wide. The deck is 6' wide and 11'6" long. The pole is 9'6" from pin to yoke rest.

61

Grant
Kihn

Bird in Hand Carriage - Amish made, lightly used and in excellent condition. Hydraulic brakes, suspension adjustable metal pole with eveners, wood shaves, lights, interchangeable rear seating and step vs. storage box. Also comes with interchangeable brass or chrome accessories. Weight is approximately 300 pounds and is suitable for medium pony to large draft horses.
